

Every effort will be made for you to see a dentist of your choice. However this may not always be possible for emergencies.

PATIENT'S RESPONSIBILITIES

To ensure the smooth running of the appointment system patients are encouraged to arrive promptly for their appointments and give adequate notice if unable to attend.

Our staff are here to help you, and we ask that they are shown the respect they deserve. We will not tolerate abusive or violent behaviour towards staff and patients.

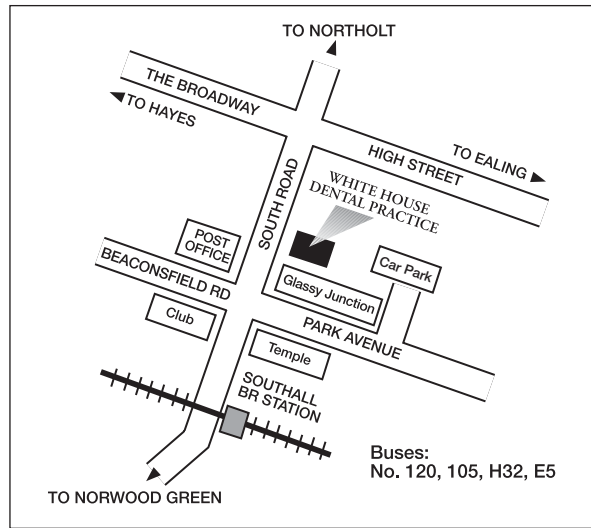

We also respect patient's rights to privacy and will ensure that all records are kept confidential.

Our staff are fluent in Hindi, Punjabi, Gujarati, Farsi, Tamil, Urdu and Lithuanian.

PATIENT SATISFACTION

At White House Dental Practice we take patient care and satisfaction very seriously. Should you feel that we have in any way not reached the high standards expected, please contact our practice manager, Mrs Ninder Mattu, on the practice number and she will endeavour to put you at ease.

Further NHS dental information can be obtained from Ealing PCT, 1 Armstrong Way, Southall, Middlesex, UB2 4SA t 020 3313 9303 www.ealingpct.nhs.uk

WELCOME TO THE WHITE HOUSE DENTAL PRACTICE

On behalf of the dental team we would like to extend a warm welcome to our practice. We are situated in the heart of the Southball community, serving over 50,000 regular patients as well as catering for emergencies and visitors to the area.

We are committed to the highest standards in modern dental care. Our team regularly attend training to keep up to date with the latest developments and provide you with the best service.

Our practice philosophy is to promote dental health as a priority. We achieve this through preventative measures and dental education.

The dental team are supported by our practice manager, hygienists, dental nurses and reception staff. All are fully qualified and committed to excellence in patient care.

COSMETIC OPTIONS

From one tooth to a full smile makeover, we offer a variety of services to help create the smile you have always wanted.

Crowns & Bridges

Unightly teeth can be covered with crowns and spaces between teeth can be filled using bridges. Advances in ceramic technology allow these teeth to appear more natural and black lines around gum margins are less likely to occur.

Porcelain Veneers

Veneers provide a wafer thin covering to hide discolouration on teeth and close unsightly gaps with little work being needed on the tooth itself.

Natural Coloured Fillings

Remove unsightly silver metal fillings and replace them with tooth coloured fillings for a whiter smile.

Tooth Whitening

This is a highly effective procedure to lighten the colour of natural teeth. We offer in-house power whitening or trays for home use.

Orthodontics

As well as traditional braces for children and adults, we also offer invisible braces. These braces are virtually unnoticeable when worn and the results are amazing!

Dentures

We offer a full range of denture options to help achieve the most natural results

Dental Implants

Dental implants are a permanent, natural replacement for missing teeth or dentures. They can look, feel and be as robust as your natural teeth.
